

CWNA – Certified Wireless Network Administrator

3 Days

\$1,590

This three-day instructor-led training focuses on providing a comprehensive look at Wi-Fi technologies and related components necessary to pursue a career as a Network Administrator. Students learn how to survey, install and administer enterprise Wi-Fi networks.

CWNA certifications are required to seek CWNE and CWSP certifications.

Recommended Experience:

There are no requirements to enroll in this course.

Who Should Enroll?

Candidates include:

- Aspiring Network Administrators

Exam Objectives
