

## CISSP® – Certified Information Systems Security Professional

5 Days

\$1,990

The CISSP® is a globally recognized standard for knowledge in the information security field. It distinguishes leaders with the capability of designing, developing, and managing an organization's security posture. The CISSP® leads to higher salaried positions and provides unique access to global resources, mentoring, networking and a wealth of prestigious security opportunities. In addition, the CISSP® is a credential often a requirement by organizations for information security professionals in a position of leadership.

### Recommended Experience:
