

MICROSOFT

Microsoft 365 Certified: Modern Desktop Administrator Associate

The Microsoft 365 Certified: Modern Desktop Administrator Associate Certification validates a professional's ability to deploy, configure, secure, manage, and monitor devices and client applications in an enterprise environment.

To earn the the certification, participants must take and pass two exams; the MD 100: Windows Client exam and the MD 101: Managing Modern Desktops exam.

MD 100: Windows Client Exam

Skills Measured:

- Deploy Windows (15-20%)
- Manage devices and data (25-30%)
- Configure storage and connectivity (15-20%)
- Maintain Windows (30-35%)

Passing Score: 700

Audience Profile:

- Experience with deploying, configuring, and maintaining Windows Client and non-Windows devices and technologies
- Experience with Microsoft 365 workloads

Exam Training

Students can prepare for the exam by taking the Windows Client Training course
