# Applied Neuroscience and the workplace

**BONUS! Cyber Phoenix Subscription Included:** All Phoenix TS students receive complimentary ninety (90) day access to the Cyber Phoenix learning platform, which hosts hundreds of expert asynchronous training courses in Cybersecurity, IT, Soft Skills, and Management and more!

## Course Overview

The two-day instructor-led training course teaches how to apply the five “big ideas” from neuroscience to improve organizational culture. By learning about these fundamental brain processes and adapting your organization’s culture to fit them, workplaces can be transformed.

By the end of this course students will be able to:

- Understand the challenges facing workplaces today and design solutions.
- Learn five brain-friendly strategies that use our brains in the way they naturally function.
- Enhance employees’ strengths and confidence by applying these brain-friendly strategies
