CMMC

CCP - Certified CMMC Professional

Phoenix TS is honored to be a CAICO Licensed Training Provider

BONUS! Cyber Phoenix Subscription Included: All Phoenix TS students receive complimentary ninety (90) day access to the Cyber Phoenix learning platform, which hosts hundreds of expert asynchronous training courses in Cybersecurity, IT, Soft Skills, and Management and more!

CMMC CCP Course Overview

Our 4-day instructor-led Certified CMMC Professional (CCP) training and certification boot camp in Washington, DC Metro, Columbia, MD or Live Online was developed by world leading CMMC expert Tara Lemieux and provides the knowledge required for the CMMC-AB Certified CMMC Professional (CCP) certification.

The CCP exam will verify a candidate's knowledge of the Cybersecurity Maturity Model Certification (CMMC), relevant supporting materials, and applicable legal and regulatory requirements to protect Federal Contract Information (FCI) and Controlled Unclassified Information (CUI). The CCP exam will also assess the candidate's understanding of the CMMC ecosystem. A passing score on the CCP exam is a prerequisite to Certified CMMC Assessor, and Certified CMMC Instructor certifications. Model documents and supporting reference material will be provided to students during the CCP exam.

SPECIAL PROMO:

For a limited time we are offering our publicly scheduled CCP course for \$1,495. Regular price \$2,995.

Call 301-258-8200 - Option 4 and mention promo code: CCP2024.

Hurry offer expires 6/30/2024. Class must be completed by December 31, 2024. No refunds.

Course Registration

Candidates can choose to register for the course by via any of the below methods:

- Email: Sales@phoenixts.com
- Phone: 301-582-8200
- Website: www.phoenixts.com

Upon registration completion candidates are sent an automated course registration email that includes attachments with specific information on the class and location as well as pre-course study and test preparation material approved by the course vendor. The text of the email contains a registration confirmation as well as the location, date, time and contact person of the class.

Online enrolment closes three days before course start date.

On the first day of class, candidates are provided with instructions to register with the exam provider before the exam date.

Module 5: CMMC Assessment Process (CAP)

Module 6: CMMC Model Construct and Implementation Evaluation

Module 7: Scoping

Module 8: Practice Exam and Review

Exam Information

Prerequisites

- College degree in a cyber or information technical field or 2+ years of related experience or educations.
- 2+ years of equivalent experience (including military) in a cyber, information technology, or assessment field.
- Suggested CompTIA A+ or equivalent knowledge/experience.
- Complete Certified CMMC Professional Class offered by a Licensed Training Provider (LTP).

- Pass DoD CUI Awareness Training no earlier than three months prior to the exam.

Important: This course “does not” include the Certified CMMC Professional (CCP) examination application and exam fees. You must complete the CCP application process to obtain your CMMC Professional Number (CPN).

Note: You are not required to complete the application process and have a CPN before pursuing training with an LTP, **however, if you want to take the CCP exam**, you must provide a CPN to your selected Licensed Training Provider (LTP) by the completion of your training so they can upload your successful training completion into the CAICO tracking system.

Complete steps to becoming a CMMC Assessor can be found here: [Assessors and Assessment Organizations](#)
