CISM (Certified Information Security Manager)

BONUS! Cyber Phoenix Subscription Included: All Phoenix TS students receive complimentary ninety (90) day access to the Cyber Phoenix learning platform, which hosts hundreds of expert asynchronous training courses in Cybersecurity, IT, Soft Skills, and Management and more!

Course Overview

Phoenix TS CISM course provides a common body of knowledge for information security management. This course reviews: information risk management as the basis of information security, governance of information security, development and management of an information security program, and incident response.

Phoenix TS' 5-day CISM (Certified Information Security Manager) training and certification boot camp in Washington, DC Metro, Tysons Corner, VA, Columbia, MD or Live Online provides a common body of knowledge for information security management. The focus of this course is on information risk management as the basis of information security. Additionally, material on broader issues are included, such as how to govern information security, and information on practical issues, which include developing and managing an information security program and how to respond when incidents arise. This hands-on training course is designed to prepare students with the skills they need both to pass the CISM certification exam and excel within their IS careers.

The United States Department of Defense has listed CISM as an approved certification for its Information Assurance Workforce Improvement Program (8570 Directive).

Exam Information

CISM Certification Exam and Testing:

Candidates are able to schedule their exam for any available date/time/location within their 365-day eligibility period. When scheduling an exam, candidates must select either online remote proctoring or an in-person testing center. Candidates who are unable to take their exam on their scheduled date are able to reschedule during their eligibility period if completed more than 48 hours prior to the original scheduled testing appointment.

Eligibility is established at the time of exam registration and is good for twelve (12) months (365 days). Exam registration and payment are required before you can schedule and take an exam. You will forfeit your fees if you do not schedule and take the exam during your 12-month eligibility period. No eligibility deferrals or extensions are allowed.

CISM Exam Details:

- Number of Questions: 150
- Passing Score: 450 passing on the scale of 200-800.
- Test Duration: 4 Hours
- Test Format: Written Examination
- Test Delivery: online via proctored exam or in person

CISM Certification measures following skills:

- Access control systems & methodology
- Applications & systems development
- Business continuity & disaster recovery planning
- Cryptography

PhoenixTS

301-258-8200 | Sales@PhoenixTS.com | www.PhoenixTS.com
