COMPTIA

CompTIA Cloud+

This course provides students with the skills and knowledge to comprehend cloud implementations and management.

BONUS! Cyber Phoenix Subscription Included: All Phoenix TS students receive complimentary ninety (90) day access to the Cyber Phoenix learning platform, which hosts hundreds of expert asynchronous training courses in Cybersecurity, IT, Soft Skills, and Management and more!

Course Overview

Phoenix TS Cloud + accelerated course provides participants with a complete Cloud certification exam preparation through hands-on exercises and lectures. This certification verifies an IT professional's knowledge and skills to securely implement and manage cloud infrastructures.

Our 5-day, instructor-led Cloud+ Certification Training course is ideal for IT professionals such as Cloud Specialists, Cloud Developers, Data Center Administrators and Network Architects. It covers:

- Cloud virtualization
- Cloud infrastructure
- Cloud security
- Systems management
- Cloud business continuity
- Models & concepts
- Cloud resource management

This course will prepare you for the Cloud+ Certification exam.

You should be familiar with Hyper-V technology and have 2-3 years of experience working in networking and data center and storage administration.
