EC-COUNCIL

CND (Certified Network Defender)

BONUS! Cyber Phoenix Subscription Included: All Phoenix TS students receive complimentary ninety (90) day access to the Cyber Phoenix learning platform, which hosts hundreds of expert asynchronous training courses in Cybersecurity, IT, Soft Skills, and Management and more!

Phoenix TS Certified Network Defender (CND) course is a vendor-neutral network security certification course that establishes network security technologies and operations for Defense-in-Depth network security preparedness. Our 5-day instructor-led EC Council CND (Certified Network Defender) certification training located in Washington, DC Metro, Tysons Corner, VA, Columbia, MD or Live Online is a vendor-neutral network security certification program. The skills-based course centers around job-task analysis and cybersecurity education framework as presented by NICE. At the completion of this course, participants will learn the following:

- To protect, detect and respond to network attacks
- Network defense fundamentals
- The application of network security controls, protocols, perimeter appliances, secure IDS, VPN and firewall configuration
- The intricacies of network traffic signature, analysis and vulnerability scanning
