SCRUM ALLIANCE

CSPO (Certified Scrum Product Owner Certification)

BONUS! Cyber Phoenix Subscription Included: All Phoenix TS students receive complimentary ninety (90) day access to the Cyber Phoenix learning platform, which hosts hundreds of expert asynchronous training courses in Cybersecurity, IT, Soft Skills, and Management and more!

Phoenix TS 2–day Certified Scrum Product Owner training and certification boot camp in Washington, DC Metro, Tysons Corner, VA, Columbia, MD or Live Online provides a comprehensive understanding of this agile product development methodology while specifically reviewing the behaviors expected of a Product Owner. While many of us may be accustomed to the practice of establishing value and priority across projects, the Product Owner needs to consider value and priority across the features of a single project.

Course Completion

After successfully completing this class, participants will be registered with the Scrum Alliance as Certified Scrum Product Owners (CSPO), and will have on-line access to the class training materials and any updates for one year. PMPs can also claim 16 PDU’s with the PMI.

Customer Testimonials

“I really enjoyed this class and have learned so much. The instructor was an excellent trainer and source of knowledge. I look forward to attending more classes through ASPE in the future.” – C. Lasson

“The workshop was good balance of team and lecture with lots of lessons in a short period of time while keeping a coherent story. The instructor was wonderful and great at creating approachable and pragmatic content while keeping us on task. I will seek for further coaching form ASPE.” – A. Johnson

“It was a very good and friendly introduction to the concepts of Scrum. The instructor was excellent and helped me, a total beginner to Scrum and Agile, to familiarize with the content and become acquainted with the important day to day concepts necessary to continue growth and become successful in the use of Scrum for product management.” – A. Shukla
