PHOENIX TS

# Cyber Warfare For Management Training

The course addresses the strategic, operational, and tactical aspects of cyber war and how to apply this toward creating efficient procedures and technical defenses.

**BONUS! Cyber Phoenix Subscription Included:** All Phoenix TS students receive complimentary ninety (90) day access to the Cyber Phoenix learning platform, which hosts hundreds of expert asynchronous training courses in Cybersecurity, IT, Soft Skills, and Management and more!

## Course Overview

Our 3-day instructor-led Cyber Warfare For Management Training course is designed for IT security professionals interested in the field of cyber operations/warfare. It will teach you:

- The operational, strategic & tactical aspects of cyber conflicts
- How the world engages in cyber warfare
- How to develop a strategic cyber security strategy for your organization
- How to allocate resources to boost security

Prior to taking this course, you should have at least three years of experience in the IT field. Though not require, it is also recommended that you have the CompTIA® Security+ and/or the EC-Council® CEH certifications.

## Schedule

Currently, there are no public classes scheduled. Please contact a Phoenix TS Training Consultant to discuss hosting a private class at 301-258-8200.
