# Habit Improving Training

**BONUS! Cyber Phoenix Subscription Included:** All Phoenix TS students receive complimentary ninety (90) day access to the Cyber Phoenix learning platform, which hosts hundreds of expert asynchronous training courses in Cybersecurity, IT, Soft Skills, and Management and more!

## Course Overview

Through a day of discussion and activities, participants will learn more about and practice the skills and concepts that will help them promote ownership in the workplace and build more accountable teams. These skills include coaching, teamwork, delegation, leadership, time management/personal productivity, communication, and several more.

At the end of this course, participants will be able to do the following:

- Understand what accountability is and what events in history have shaped our view of it
- Identify the requirements for personal and corporate accountability
- Apply the cycle of accountability and the fundamental elements required to build an accountable organization
- Describe what individuals must do to become accountable
- Build skills required for accountability, including goal setting, giving and receiving feedback, and delegation
- Pinpoint ways to build ownership in your organization
- Isolate areas for further self-improvement
