**PHOENIX TS**

# Introduction to Python

This 3-day Introduction to Python 3 programming course to build fundamental Python programming understanding and skills.

**BONUS! Cyber Phoenix Subscription Included:** All Phoenix TS students receive complimentary ninety (90) day access to the Cyber Phoenix learning platform, which hosts hundreds of expert asynchronous training courses in Cybersecurity, IT, Soft Skills, and Management and more!

## Course Overview

This is a 3-day introductory level course to the Python programming language. This course provides students with the fundamental skills they need to construct non-trivial Python programs concerning a wide array of subject matter domains. The training includes hands-on labs in either Linux or Windows to increase the overall value of the instruction.

## Schedule

## Course Outline

Introduction to Python

Module 1: Python Basics

Module 2: Functions and Modules

Module 3: Math

Module 4: Python Strings

Module 5: Iterables, Sequences, Dictionaries, and Sets

Module 6: Flow Control

Module 7: Virtual Environments

Module 8: Regular Expressions

Module 9: Unicode and Encoding

Module 10: File Processing

Module 11: Exception Handling

Module 12: Python Dates and Times

Module 13: Running Python Scripts from the Command Line

## FAQs

### Who should take this course?

This course is ideal for professionals who benefit from Python programming skills or individuals looking to begin a programming career.

### What is the recommended experience for this course?

Students should have minimal experience with or knowledge of one of these programming language, such as C, C++, Perl, Java, Ruby, VB or other equivalent languages.

**BONUS! Cyber Phoenix Subscription Included:** All Phoenix TS students receive complimentary ninety (90) day access to the Cyber Phoenix learning platform, which hosts hundreds of expert asynchronous training courses in Cybersecurity, IT, Soft Skills, and Management and more!

Phoenix TS is registered with the National Association of State Boards of Accountancy (NASBA) as a sponsor of continuing professional education on the National Registry of CPE Sponsors. State boards of accountancy have final authority on the acceptance of individual courses for CPE credit.
