PHOENIX TS

Problem Solving, Cause, and Corrective Action

Due to Covid-19 safety restrictions PhoenixTS will temporarily be unable to provide food to our students who attend class at our Training Center; however, our Break Areas are **currently open** where students will find a constant supply of Coffee, Tea and Water. Students may bring their own lunch and snacks to eat in our breakrooms or at their seat in the classroom or eat out at one of the many nearby restaurants.

Course Overview

This 1 day, instructor led course will give participants an overview of the entire creative problem-solving process, as well as key problem-solving tools that they can use every day. Skills such as brainstorming, information gathering, analyzing data, and identifying resources will be covered throughout the workshop. By the end of this course, participants will be able to:

- Understand problems and the creative problem-solving process
- Identify types of information to gather and key questions to ask in problem solving
- Identify the importance of defining a problem correctly
- Identify and use four different problem definition tools
- Write concrete problem statements
- Use basic brainstorming tools to generate ideas for solutions
- Evaluate potential solutions against criteria, including cost/benefit analysis and group voting
- Perform a final analysis to select a solution
- Understand the roles that fact and intuition play in selecting a solution
- Understand the need to refine the shortlist and redefine it
- Understand how to identify the tasks and resources necessary to implement solutions
- Evaluate and adapt solutions to reality
