PHOENIX TS

Root Cause Analysis

BONUS! Cyber Phoenix Subscription Included: All Phoenix TS students receive complimentary ninety (90) day access to the Cyber Phoenix learning platform, which hosts hundreds of expert asynchronous training courses in Cybersecurity, IT, Soft Skills, and Management and more!

Course Overview

This one-day course focuses on the team approach to addressing issues. Participants will understand the methodologies used in root cause analysis and the importance of using the correct tools during a root cause investigation. By discovering how to utilize these tools, as well as the scientific method and statistics, participants will be able to implement root cause solutions into their organizations.

During this course, participants will:

- Discuss the scientific method
- Determine how to identify tools that can be used to correct actions
- Understand how to implement RCA tools into real world situations
- Study statistical information and data analysis
- Learn how to address customer compliance issues

Schedule

Currently, there are no public classes scheduled. Please contact a Phoenix TS Training Consultant to discuss hosting a private class at 301-258-8200.
