

## Train Now & Pay Later

Financing a week long training course can be a struggle for anyone. Whether you are trying to change careers by gaining a certification or your employer doesn't pay for continuing education, there are many reasons why finding a financing option is necessary.

This is where the PayPal service, Credit (formerly called Bill Me Later), comes into play. Think of it as a secure, instant, and reusable credit line without a physical card. Credit is available as a payment option at thousands of online stores and, once added to your PayPal account, it can be used almost everywhere PayPal is accepted.

*Now it can also be accepted at Phoenix TS.*

This new payment option, will allow the flexibility to get the training you need now without making an immediate financial sacrifice.

Applying for PayPal's Credit can either be done online ahead of time, or during checkout. Credit is subject to credit approval and offered by Comenity Capital Bank. To apply, simply follow these steps:

1. Enter your birth date
2. Enter the last 4 digits of your Social Security Number
3. Accept PayPal Credit's terms
4. Then you will receive an approval decision in seconds.

*Use Credit anywhere PayPal is accepted.*

With Credit, there are no account numbers to enter or long credit applications to fill out. Credit is available within the checkout process. When you link your Credit and PayPal accounts, you can use Credit at most places PayPal is accepted—both offline and online.

So if you need training now but want to spread out your payments, ask your Training Consultant about Credit! Phoenix TS Training and Certification Consultants can also help you choose between all of our available payment options to help you choose the one that is right for you.
